

סילבוס – כנס EXPERT DAY

שם המרצה: ארז רזניקוב

מסלול: web

שם הסדנא: Bridging the gap between UX, Design & Code

יום: חמישי

תקציר על ההרצאה באנגלית- 3-4 שורות

In this talk we will cover important aspects of this gap between design and development and clear the fog of mystery which surrounds design decisions.

We will talk about user experience, graphic design, animation, style-guides, assets and much more. The goal is to empower and enrich the developers to communicate better with their designers and even design their products by themselves, if needed!
