

סילבוס – כנס EXPERT DAY

שם המרצה: Nir Geier

מסלול: MICROSOFT/MOBILE/**WEB**

שם הסדנא: Introduction to Node.js

יום: ראשון

תקציר על ההרצאה באנגלית- 3-4 שורות

Node.js is an open source, cross-platform lightweight and efficient platform for building network apps. This course is for anyone who have some JavaScript web development knowledge.

This workshop is for developers with no knowledge at all regarding NodeJs.

In this seminar we get familiar with

- Node.js
- Event Emitter (+ Socket.io)
- Its package manager (NPM)
- Some of the basics concepts and few of the key modules.

We also look at built-in API's for building and scaling web applications.
